Resident

1. For the purposes of this Convention, the term "resident of a Contracting State" means any person who, under the laws of that State, is liable to tax therein by reason of his domicile, residence, place of incorporation, place of management or any other criterion of a similar nature.

2. Where by reason of the provisions of paragraph 1 of this Article any individual is a resident of both Contracting States, then his status shall be determined as follows :

Article 5

Permanent Establishment

1. For the purposes of this Convention, the term "permanent establishment" means a fixed place of business through which the business of an enterprise is wholly or partly carried on.

2. The term "permanent establishment" shall include especially :

- (a) a place of management ;
- (b) a branch ;
- (c) an office ;
- (d) a factory ;
- (e) a workshop ; and
- (f) a mine, an oil or gas well, a quarry or other place of extraction of natural resources.

3. The term "permanent establishment" likewise encompasses :

- (a) a building site, a construction, assembly or installation project, but only where such site, project or activities continue for a period of more than 183 days ;

- (b) the furnishing of services, including consultancy services, by an enterprise through employees or other personnel engaged by the enterprise for such purpose, but only where activities of that nature continue (for the same or a connected project) within the country for a period or periods aggregating more than 183 days within any 12 month period.

4. Notwithstanding the preceding provisions of this Article, the term "permanent establishment" shall be deemed not to include :

- (a) the use of facilities solely for the purpose of storage or display of goods or merchandise belonging to the enterprise ;
- (b) the maintenance of a stock of goods or merchandise belonging to the enterprise solely for the purpose of storage or display ;

- (f) the maintenance of a fixed place of business solely for any combination of activities mentioned in sub-paragraphs (a) to (e), provided that the overall activity of the fixed place of business resulting from this combination is of a preparatory or auxiliary character.

5. Notwithstanding the provisions of paragraphs 1 and 2 of this Article, where a person - other than an agent of an independent status to whom paragraph 7 of this Article applies - is acting in a Contracting State on behalf of an enterprise of the other Contracting State, that enterprise shall be deemed to have a permanent establishment in the first-mentioned Contracting State in respect of any activities which that person undertakes for the enterprise, if such a person :

- (a) has and habitually exercises in the first-mentioned Contracting State an authority to conclude contracts on behalf of the enterprise, unless his activities are limited to the purchase of goods or merchandise for the enterprise ; or
- (b) habitually maintains in the first-mentioned Contracting State a stock of goods or merchandise belonging to the enterprise or to other enterprises which are controlled by it or have a controlling interest in it, from which he regularly fills orders or makes deliveries on behalf of the enterprise ; or
- (c) habitually secures orders in the first-mentioned State wholly or almost wholly for the enterprise or for the enterprise and other enterprises which are controlled by it or have a controlling interest in it.

6. Notwithstanding the preceding provisions of this Article, an insurance enterprise of one of the States shall, except in regard to re-insurance, be deemed to have a permanent establishment in the other State if it collects premiums in the territory of that other State or insures risks situated therein through a person other than an agent of an independent status to whom paragraph 7 applies.

7. An enterprise of a Contracting State shall not be deemed to have a permanent establishment in the other Contracting State merely because it carries on business in that State through a broker, general commission agent or any other agent of an independent status, where such persons are acting in the ordinary course of their business. However, when the activities of such an agent are devoted wholly or almost wholly on behalf of that enterprise, he will not be considered an agent of an independent status within the meaning of this paragraph, if it is shown that the transactions between the agent and the enterprise were not made under arms length conditions.

8. The fact that a company which is a resident of a Contracting State controls or is controlled by a company which is a resident of the other Contracting State, or which carries on business in that other State (whether through a permanent establishment or otherwise) shall not of itself constitute either company a permanent establishment of the other.

Article 6

Income from Immovable Property

1. Income from immovable property (including income from agriculture or forestry) may be taxed in the Contracting State in which such property is situated.

2. The term "immovable property" shall have the meaning which it has under the law of the Contracting State in which the property in question is situated. The term shall in any case include property accessory to immovable property, livestock and equipment used in agriculture and forestry, rights to which the provisions of general law respecting landed property apply, usufruct of immovable property and rights to variable or fixed payments as consideration for the working of, or the right to work, mineral deposits, sources and other natural resources : ships, boats and aircraft shall not be regarded as immovable property.

3. The provisions of paragraph 1 of this Article shall apply to income derived from the direct use, letting or use in any other form of immovable property.

4. The provisions of paragraphs 1 and 3 of this Article shall also apply to the income from immovable property of an enterprise and to income from immovable property used for the performance of independent personal services.

Article 7

Business Profits

1. The income or profits of an enterprise of a Contracting State shall be taxable only in that State unless the enterprise carries on business in the other Contracting State through a permanent establishment situated therein. If the enterprise carries on business as aforesaid, the income or profits of the enterprise may be taxed in the other State but only so much of them as is attributable to

- (a) that permanent establishment ;
- (b) sales in that other State of goods or merchandise of the same or similar kind as those sold through that permanent establishment ; or
- (c) other business activities carried on in that other state of the same or similar kind as those effected through that permanent establishment.

2. Subject to the provisions of paragraph (3) of this Article where an enterprise of a Contracting State carries on business in the other Contracting State through a permanent establishment situated therein, there shall in each Contracting State be attributed to that permanent establishment the income or profits which it might be expected to make if it were a distinct and separate enterprise engaged in the same or similar activities under the same or similar conditions and dealing wholly independently with the enterprise of which it is a permanent establishment.

3. In the determination of the profits of a permanent establishment, there shall be allowed as deductions expenses which are incurred for the purposes of the business of the permanent establishment including executive and general administrative expenses so incurred, whether in the State in which the permanent establishment is situated or elsewhere. However, no such deduction shall be allowed in respect of amounts, if any, paid (otherwise than towards reimbursement of actual expenses) by the permanent establishment to the head office of the enterprise or any of its other offices, by way of royalties, fees or other similar payments in return for the use of patents or other rights, or by way of commission, for specific services performed or for management, or, except in the case of a banking enterprise, by way of interest on moneys lent to the permanent establishment. Likewise, no account shall be taken, in the determination of the profits of a permanent establishment, for amounts charged (otherwise than towards reimbursement of actual expenses), by the permanent establishment to the head office of the enterprise or any of its other offices by way of royalties, fees or other similar payments in return for the use of patents or other rights, or by way of commission for specific services performed or for management, or, except in the case of a banking enterprise, by way of interest on moneys lent to the head office of the enterprise or any of its other offices.

4. Insofar as it has been customary in a Contracting State to determine the profits to be attributed to a permanent establishment on the basis of a certain percentage of the gross receipt of the enterprise or of the permanent establishment or on the basis of an apportionment of the total profits of the enterprise to its various parts, nothing in paragraph 2 of this Article shall preclude that Contracting State from determining the profits to be taxed by such an apportionment as may be customary; the method of apportionment adopted, shall however, be such that the result will be in accordance with the principles contained in this Article.

5. No income or profits shall be attributed to a permanent establishment by reason of the mere purchase by that permanent establishment of goods or merchandise for the enterprise.

6. For the purposes of the preceding paragraphs, the income or profits to be attributed to the permanent establishment shall be determined by the same method year by year unless there is good and sufficient reason to the contrary.

7. Where income or profits include items of income which are dealt with separately in other Articles of this Convention, then the provisions of those Articles shall not be affected by the provisions of this Article.

Article 8

Shipping and Air Transport

1. Income or profits derived by an enterprise of a Contracting State from the operation of aircraft in international traffic shall be taxable only in that Contracting State.
2. Income or profits derived by an enterprise of a Contracting State from the operation of ships in international traffic may be taxed in the other Contracting State, but the tax imposed in that other Contracting State shall be reduced by an amount equal to 50 per cent thereof.
3. The provisions of paragraphs 1 and 2 shall likewise apply in respect of participation in pools of any kind by enterprises engaged in the operation of ships or aircraft in international traffic.

Article 9

Associated Enterprises

Where:

- (a) an enterprise of a Contracting State participates directly or indirectly in the management, control or capital of an enterprise of the other Contracting State, or
- (b) the same persons participate directly or indirectly in the management, control or capital of an enterprise of a Contracting State and an enterprise of the other Contracting State,

and in either case conditions are made or imposed between the two enterprises in their commercial or financial relations which differ from those which would be made between independent enterprises, then any income or profits which would, but for those conditions, have accrued to one of the enterprises, but, by reason of those conditions, have not so accrued, may be included in the income or profits of that enterprise and taxed accordingly.

Article 10

Dividends

1. Dividends paid by a company which is a resident of a Contracting State to a resident of the other Contracting State may be taxed in that other State.

2. However, such dividends may be taxed in the Contracting State of which the company paying the dividends is a resident, and according to the law of that State, but-

(a) in the case of Sri Lanka, the tax so charged shall not exceed 15 per cent of the gross amount of the dividends;

(b) in the case of Thailand, if the recipient of the dividends is a company, excluding partnership, which holds directly at least 25 per cent of the capital of the former company, the tax so charged shall not exceed :

(i) 15 per cent of the gross amount of the dividends if the company paying the dividend engages in an industrial undertaking,

(ii) 20 per cent of the gross amount of the dividends in other cases.

For the purpose of sub-paragraph (b) of this paragraph, the term "industrial undertaking" means-

- (1) any undertaking engaged in-
 - (i) manufacturing, assembling and processing,
 - (ii) construction, civil engineering and ship-building,
 - (iii) production of electricity, hydraulic power, gas or the supply of water, or
 - (iv) agriculture, forestry and fishery and the carrying on of a plantation, and
- (2) any other undertaking entitled to the privileges accorded under the laws of Thailand on the promotion of industrial investment, and
- (3) any other undertaking which may be declared to be an "industrial undertaking" for the purpose of this Article by the competent authority of Thailand.

3. The term "dividends" as used in this Article means income from shares, mining shares, founders' shares or other rights, not being debt-claims, participating in profits, as well as income from other corporate rights which is subjected to the same taxation treatment as income from shares by the taxation law of the State of which the company making the distribution is a resident.

4. The provisions of paragraphs 1 and 2 of this Article shall not apply if the beneficial owner of the dividends, being a resident of a Contracting State, carries on business in the other Contracting State of which the company paying the dividends is a resident, through a permanent establishment situated therein or performs in that other State independent personal services from a fixed base situated therein and the holding in respect of which the dividends are paid is effectively connected with such permanent establishment or fixed base. In such a case the provisions of Article 7 or Article 14, as the case may be, shall apply.

5. Where a company which is a resident of a Contracting State derives profits or income from the other Contracting State, that other State may not impose any tax on the dividends paid by the company, except insofar as such dividends are paid to a resident of that other State or insofar as the holding in respect of which the dividends are paid is effectively connected with a permanent establishment or a fixed base situated in that other State, nor subject the company's undistributed profits, to a tax on the company's undistributed profits even if the dividends paid or the undistributed profits consist wholly or partly of profits or income arising in such other State. Nothing in this paragraph shall be construed as preventing either Contracting State from imposing income tax on disposal of profits according to the laws of that State.

Article 11

Interest

1. Interest arising in a Contracting State and paid to a resident of the other Contracting State may be taxed in that other State.
2. However, such interest may also be taxed in the Contracting State in which it arises and according to the laws of that State, but if the recipient is the beneficial owner of the interest and is a company which is a resident of the other Contracting State, the tax so charged shall not exceed :

- (a) 10 per cent of the gross amount of the interest if it is received by any financial institution (including an insurance company); and
- (b) 25 per cent of the gross amount of the interest in all other cases.

3. Notwithstanding the provisions of paragraph 2, interest arising in a Contracting State and paid to the Government of the other Contracting State shall be exempt from tax in the First-mentioned Contracting State.

For the purposes of this paragraph, the term "Government" means -

- (a) in the case of Sri Lanka, the Government of the Democratic Socialist Republic of Sri Lanka and shall include :
 - i. the Central Bank of Ceylon,
 - ii. the local authorities,
 - iii. any agency or instrumentality (including a financial institution) wholly owned by the Government or local authority thereof, as may be agreed from time to time between the Governments of the two Contracting States,
- (b) in the case of Thailand, the Royal Government of Thailand and shall include :
 - i. the Bank of Thailand;
 - ii. the local authorities; and
 - iii. such institutions; the capital of which is wholly owned by the Royal Government of Thailand or any local authorities as may be agreed from time to time between the Governments of the two Contracting States.

4. The term "interest" as used in this Article means income from debt-claims of every kind, whether or not secured by mortgage and whether or not carrying a right to participate in the debtor's profit, and in particular income from government securities and income from bonds or debentures, including premiums and prizes attaching to such securities, bonds or debentures, as well as income assimilated to income from money lent by the taxation laws of the Contracting state in which the income arises. Penalty charges for late payment shall not be regarded as interest for the purpose of this Article.

5. The provisions of paragraphs 1, 2 and 3 of this Article shall not apply if the beneficial owner of the interest, being a resident of a Contracting State, carries on business in the other Contracting State in which the interest arises, through a permanent establishment situated therein, or performs in that other State independent personal services from a fixed base situated therein and the debt-claim in respect of which the interest is paid is effectively connected with (a) such permanent establishment or fixed base, or with (b) business activities referred to under (c) of paragraph 1 of Article 7. In such cases the provisions of Article 7 or Article 14, as the case may be, shall apply.

6. Interest shall be deemed to arise in a Contracting State when the payer is that State itself, an administrative subdivision, a local authority or a resident of that State. Where, however, the person paying the interest, whether he is a resident of a Contracting State or not, has in a Contracting State a permanent establishment or a fixed base in connection with which the indebtedness on which the interest is paid was incurred, and such interest is borne by such permanent establishment or fixed base, then such interest shall be deemed to arise in the Contracting State in which the permanent establishment or fixed base is situated.

7. Where, by reason of a special relationship between the payer and the beneficial owner or between both of them and some other person, the amount of the interest, having regard to the debt-claim for which it is paid, exceeds the amount which would have been agreed upon by the payer and the beneficial owner in the absence of such relationship, the provisions of this Article shall apply only to the last-mentioned amount. In such case, the excess part of the payments shall remain taxable according to the law of each contracting State, due regard being had to the other provisions of this Convention.

Article 12

Royalties

1. Royalties arising in a Contracting State and paid to a resident of the other Contracting State may be taxed in that other State.
2. However, such royalties may also be taxed in the Contracting State in which they arise and according to the laws of that State, but if the recipient is the beneficial owner of the royalties the tax so charged shall not exceed 15 per cent of the gross amount of the royalties.
3. The term "royalties" as used in this Article means payment of any kind received as a consideration for the use of, or the right to use, any copyright of literary, artistic or scientific work including cinematograph films, or tapes for television or broadcasting, any patent, trade mark, design or model, plan, secret formula or process, or for the use of, or the right to use, industrial, commercial, or scientific equipment, or for information concerning industrial, commercial or scientific experience.

4. The provisions of paragraphs 1 and 2 of this Article, shall not apply if the beneficial owner of the royalties, being a resident of a Contracting State, carries on business in the other Contracting State in which the royalties arise, through a permanent establishment situated therein, or performs in that other State independent personal services from a fixed base situated therein, and the right or property in respect of which the royalties are paid is effectively connected with (a) such permanent establishment or fixed base, or with (b) business activities referred to under (c) of paragraph 1 of Article 7. In such cases, the provisions of Article 7 or Article 14, as the case may be, shall apply.

5. Royalties shall be deemed to arise in a Contracting State when the payer is that State itself, a local authority or a resident of that State. Where, however, the person paying the royalties, whether he is a resident of a Contracting State or not, has in a Contracting State a permanent establishment or a fixed base in connection with which the liability to pay the royalties was incurred, and such royalties are borne by such permanent establishment or fixed base, then such royalties shall be deemed to arise in the State in which the permanent establishment or fixed base is situated.

6. Where, by reason of a special relationship between the payer and the beneficial owner or between both of them and some other person, the amount of the royalties paid having regard to the use, right or information for which they are paid, exceeds the amount which would have been agreed upon by the payer and the beneficial owner in the absence of such relationship, the provisions of this Article shall apply only to the last-mentioned amount. In such case, the excess part of the payments shall remain taxable according to the laws of each Contracting State, due regard being had to the other provisions of this Convention.

4. Gains from the alienation of any property or assets, other than those referred to in paragraphs 1, 2 and 3 of this Article shall be taxable only in the Contracting State of which the alienator is a resident. Nothing in this paragraph shall prevent either Contracting State from taxing the gains or income from the sale or transfer of shares or other securities.

5. For the purposes of this Article, the term "alienation" shall have the meaning which it has under the laws of that Contracting State relating to the taxes in question. The meaning of the term shall in any case include the sale, exchange, transfer, or relinquishment of property or the extinguishment of any rights therein or the compulsory acquisition thereof under any law in force in the respective Contracting State.

2. Where income in respect of personal activities exercised by an entertainer or an athlete in his capacity as such accrues not to the entertainer or athlete himself but to another person, that income may, notwithstanding the provisions of Articles 7, 14 and 15, be taxed in the Contracting State in which the activities of the entertainer or athlete are exercised.

3. Notwithstanding the provisions of Article 7, where the activities mentioned in paragraph 1 of this Article are provided in a Contracting State by an enterprise of the other Contracting State the profits derived from providing these activities by such an enterprise may be taxed in the first-mentioned Contracting State unless the enterprise is wholly or substantially supported from the public funds of the Government of the other Contracting State, in connection with the provisions of such activities.
